I've agreed to meet with them, if we could talk about this in the next couple of weeks I would appreciate it. thanks

Also, I did offer to meet with Utah on the topic when I'm out there next week.

Subject: Energy Fuels White Mesa Mill Off-Site Rule assessment

Dear Mr. Benevento,

I was glad we had an opportunity to meet at the WMA meetings in Cheyenne, WY on February 14 and 15. I think the conversation and the objectives and mission of EPA you discussed were helpful and enlightening.

I wanted to bring to your attention, through the attached letter, an issue that has arisen regarding the White Mesa Mill and a recent report provided by a team from Region 8 following an CERCLA Off-Site Rule Assessment. In addition, I have attached the report from Region 8 along with a follow-up letter from the State of Utah. We believe that there are significant jurisdictional issues that should be discussed. I would greatly appreciate an opportunity to discuss this with you and your team in more detail.

Also, as we discussed in Cheyenne, the invitation to visit the White Mesa Mill remains open for you and your staff.

Best regards,
Paul Goranson
